KUNJA BIHARI DEGREE COLLEGE

## Work Experience

2022 July - Present  
**SKILLANTO PRIVATE LIMITED**  
**Software Engineer**

### PROJECTS

- Suppa | www.suppastore.com

- Developed a responsive and user-friendly e-commerce web application using **React.js** and **Material UI**, enhancing user engagement and increasing the conversion rate by 7%.
- Integrated **RESTful APIs** for dynamic product listings, shopping cart functionality, and secure checkout processes.
- Implemented state management using **Redux** to handle complex user interactions and improve application performance.
- Integrated **payment gateways** and ensured secure transactions, enhancing the overall functionality and trustworthiness of the platform.

2022 Jan - 2022 July  
**APPMAN TECHNOLOGIES**  
**Software Developer**

### PROJECTS

- Fertility Avenues | www.fertilityavenues.com

- Developed a healthcare scheduling platform using **React.js**, improving patient appointment booking efficiency.
- Designed and implemented reusable components to streamline development and ensure code maintainability.
- Integrated with **APIs** to enable real-time appointment booking and updates.
- Developed a blog feature for healthcare articles and updates, enhancing user engagement and site traffic.

2021 July - 2022 Jan  
**Software Developer Intern**

- Assisted in building responsive web interfaces using technologies like **HTML**, **CSS**, **JavaScript**, **Bootstrap** and **Tailwind CSS**.
- Contributed to the implementation of interactive elements and components.
- Worked closely with senior developers to enhance problem-solving skills and ensure a smoother user experience.
